**16th and 17th
February, 2024**

About the Conference:

The Environmental, Social, and Governance (ESG) conference is a platform for experts, professionals, and organizations to exchange ideas and knowledge on sustainability, social responsibility, and ethical practices in business and finance. The conference aims to raise awareness of the importance of ESG and its impact on the environment, society, and the economy. It provides an opportunity for participants to learn from industry leaders, researchers, and policy makers on the latest trends and best practices in ESG.

The conference will cover a range of topics related to ESG, including government policies and regulations, corporate practices and reporting, investment strategies, and stakeholder engagement. The keynote speakers and panelists will discuss the challenges and opportunities in implementing ESG practices, the role of technology, and emerging trends in ESG policies and regulations.

The conference will provide an interactive platform for participants to engage with experts and peers, share experiences and knowledge, and explore solutions to ESG challenges. The sessions will include presentations, panel discussions, and workshops, providing opportunities for participants to learn from experts and engage in interactive discussions.

Professionals, academics, researchers, investors, policy makers, will attend the conference and other stakeholders interested in sustainability and ESG. It will be a unique opportunity for participants to network, learn from industry leaders, and explore solutions to ESG challenges."
