**ADDA: FACULTY RESEARCH SEMINAR**

**DR. B.N. KEERTHI NAIDU**

Dr. B.N.Keerthi Naidu completed her PhD from SPA Vijayawada, 2023. M.Arch Environmental Architecture from Mc Gan's Ooty School of Architecture in 2013, B.Arch from SAR college of Architecture in 2008. She has 12 years of experience in teaching and industry. She has 4 research publications and presented at national and International conferences. She is currently working as an Associate Professor at GITAM School of Architecture, Hyderabad.

**GEOGRAPHICAL BOUNDARIES IN URBAN PLANNING**

Increased urbanisation has extensively changed the land cover, and studies indicate the recurring changes to urban precipitation patterns and increased flood events due to increased urbanisation. Though with advancements in technology, loss of lives could be contained, flooding poses a serious threat to the urban economy and ecology due to concentrated infrastructure. Administrative boundaries, though, are little helpful in addressing ecological concerns.

Hence, the growing relevance of ecological boundaries to understand urban environmental disasters will be discussed.

 **09.02.2024**  **4:00 pm - 5:00 pm**
